COMPANY OVERVIEW

TerryWorldWide, LLC is a certified minority-owned supplier that sources and delivers products for government agencies, educational institutions, healthcare organizations and public-sector contractors. Founded in 2010, we have supplied New York City agencies since 2019, delivering the right products on time: from pumps and precast barriers to cleaning supplies and e-bikes. In 2026 we completed the PropelNY Semiconductor Supplier Program, and we are pursuing supply opportunities with Micron and other New York semiconductor companies and their prime contractors.
